

GLOBAL MARINE REFIT  
NOTHING SHORT OF EXCELLENCE

# PRECETTI

## PCUBE – PARTNERS AT WORK

Precetti Inc. is an American company based in Miami, Florida and uses advanced technologies to build and refit cabins and suites, wet spaces, public areas, indoor and outdoor restaurants on board cruise ships and ferries.

It also outfits galleys, storage rooms and self-service bars. Offering a complete turn-key design and outfitting service, Precetti manufactures and prefabricates a range of products and systems at its factory, before installing them on vessels.

The systems can either be delivered in modular form or assembled on board. All of the company's A and B products are manufactured according to specific client requirements and in compliance with the latest international safety and hygiene standards.

Precetti offers reliable customer service, delivering quality projects on time and within the budget.

# Cruise Ship Specialist

YOUR PROBLEMS ARE OUR BUSINESS

## PUBLIC AREAS

Restaurants: Indoor - Outdoor  
Buffets - Self Services  
SPA Centers - Gyms  
Dining halls

Precetti Inc. deals with the design, construction and turn-key supply of any specific area on board a ship, whether it be catering or recreational activity areas. Countless realizations and installations on board cruise ships around the world testify the competence and reliability of the product distributed in compliance with the required international regulations and quality standards.

## CATERING AREAS

Galleys  
Bars  
Pantries  
Cold Stores

Precetti Inc. manufactures furniture equipped with all required features for large catering services, in compliance with the required standards regarding hygiene and which include the necessary international certifications. The use of quality materials and the know-how gained over decades of supplies, make Precetti Inc. the ideal partner for the realization of any project.

## ACCOMMODATION AREAS

Suite Cabins  
Standard Cabins  
Crew Cabins

Precetti Inc. manufactures modular cabins, industrializes and takes care of the assembling on board, through a highly qualified staff. It is an ideal partner also for total and partial refurbishments in different areas of expertise, where the quality of the finishings are accompanied by the variable of time, to redevelop and renovate, also through design, public spaces and cabins of any standard.

# Cruise Ship Specialist

EXCELLENCE IS ALWAYS OUR STANDARD

# Headquarters & Operative Unit

U.S.A. STANDARDS & MADE IN ITALY QUALITY

The headquarters of Precetti Inc. are based in Miami.

Precetti Inc. offers mock-ups which serve as rest platforms in the conceptual and design phases of renovation projects. This brings traditional interior sample boards to a much higher level.

It allows to physically experience the finished product and facilitates any type of change and adjustment in the design, prior to completion of the actual project.

Precetti Inc. has an equipment testing area in order to test quality performance.

The Miami based office provides the industry with tools for a proactive approach in achieving successful renovations and customer services.

Based in Italy, the partner of Precetti Inc. is a marine service company, Precetti Srl, which has been designing, manufacturing and installing interiors and marine catering systems for 60 years.

The company supplies a range of stainless steel products, custom-made furniture, decorative materials, stainless bulkheads and deck heads for catering areas. It manufactures panels and doors for provision stores, modular cabins and wet units in B15, walls and ceilings.

# Turn-key Refurbishment

WE TAKE CARE OF EVERYTHING

## PUBLIC AREAS

Precetti Inc. is committed to bringing renovations to a new and higher level in the industry by using new technologies and a proactive approach to offer tools and solutions for their achievement.

This commitment continues beyond the renovation work, to provide our clients with maintenance, repair services, material replacements and spare parts.

This commitment is based on resources totally engaged by Precetti Inc. for a cost effective and on time completion of renovation projects, from the smallest to the largest ones.

QUALITY AND EXCELLENCE

## ACCOMODATION AREAS

A cruise ship cabin is a complex structure; in a space defined by modular walls, arrangement, functionality and comfort must find a proper arrangement in order to allow guests to live an extraordinary experience.

Thanks to a strengthened tradition, also in the field of modular structures, Precetti Inc. manufactures cabins with high quality and safety standards, using materials chosen and crafted with great care.

Suites and cabins are assembled and installed by a trained staff, on the world's major cruise ships.
